Cooker Hood SKUs 17/11/15

Neff D86GR22N0B SS 60 cm Chimney Cooker Hood - Stainless Steel / Glass

Original

The Neff D86GR22N0B Cooker Hood comes in a contemporary stainless steel / glass colour. The D86GR22N0B has 3 variable venting speeds. The D86GR22N0B push button controls are typically easy to use and to understand. It incorporates the choice to have recirculation or external venting. You will require a ducting kit if venting externally. The Cooker Hood runs at dB. The D86GR22N0B has 2 lights. To offer peace of mind the Neff D86GR22N0B built in-integrated Cooker Hood also comes with 2 years warranty.

Update

This built-in chimney cooker hood from Neff would look great in a contemporary kitchen with its stainless steel and glass design. There are three extraction speeds to choose from, which give you the option to select the right level – so whether you’re steaming or frying, your kitchen will stay fresh. This model can vent externally so air is pushed outside, or it can clean the air and recirculate it back into your kitchen. And with a washable filter, your kitchen will be free of grease too.

Word Count 86

Belling 110DBFLAT BK 110 cm Chimney Cooker Hood – Black

Original

The Belling 110DBFLAT Cooker Hood comes in a sleek black colour. The 110DBFLAT has 3 variable venting speeds. The 110DBFLAT push button controls are typically easy to use and to understand. It incorporates the choice to have recirculation or external venting. You will require a ducting kit if venting externally. The Cooker Hood runs at dB. The 110DBFLAT has 2 lights. To offer peace of mind the Belling 110DBFLAT built in-integrated Cooker Hood also comes with a 1 year warranty.

Update

This Belling built-in chimney cooker hood is 110cm wide, so it’s a perfect choice for a large hob. There are three extraction speeds to choose from, so you can be sure your kitchen will be smoke, steam and smell free in no time! This model gives you the option to vent air externally if your kitchen layout allows or to recirculate internally as clean air. The four washable filters are fantastic at removing grease from the air and with two LED lights, it’ll be easier to see what you’re cooking.

Word Count 90

Neff D86ER22N0B SS 60 cm Chimney Cooker Hood - Stainless Steel

Original

The Neff D86ER22N0B Cooker Hood comes in a contemporary stainless steel colour. The D86ER22N0B has 3 variable venting speeds. The D86ER22N0B push button controls are typically easy to use and to understand. It incorporates the choice to have recirculation or external venting. You will require a ducting kit if venting externally. The Cooker Hood runs at dB. The D86ER22N0B has 2 lights. To offer peace of mind the Neff D86ER22N0B built in-integrated Cooker Hood also comes with 2 years warranty.

Update

This 60cm wide built-in chimney cooker hood from Neff will look great in any contemporary kitchen with its stainless steel finish. There are three extraction speeds to choose from to keep your kitchen smoke free and smelling great. The external extraction draws in air and pushes it outside. Or if you don't have access to an external wall, it recirculates filtered air, neutralising odours. The washable filter prevents grease returning to the air and the two bright halogen lights will give you a clear view of what you're cooking too.

Word Count 90

Bosch Classixx DWA094W51B SS 90 cm Chimney Cooker Hood - Stainless Steel

Original

The Bosch DWA094W51B Cooker Hood comes in a contemporary stainless steel colour. The DWA094W51B has 3 variable venting speeds. The DWA094W51B push button controls are typically easy to use and to understand. It incorporates the choice to have recirculation or external venting. You will require a ducting kit if venting externally. The Cooker Hood runs at dB. The DWA094W51B has 2 lights. To offer peace of mind the Bosch DWA094W51B built in-integrated Cooker Hood also comes with 2 years warranty.

Update

This built-in chimney cooker hood from Bosch looks fantastic in contemporary stainless steel and it's 90cm wide – making it perfect over a large hob. Whether you're steaming or frying, there are three extraction speeds to choose from to keep your kitchen fresh. This model gives you the option to vent air externally if your kitchen layout allows or to recirculate internally as clean air. There are two washable filters – preventing grease returning to your kitchen. Plus, the two halogen lights will give you a clear view of what you're cooking.

Word Count 90

Baumatic BT7.3BGL BKG 70 cm Chimney Cooker Hood - Black Glass

Original

Vent your cleaning worries away. This Baumatic hob is a design icon in the making. It's tall, dark and handsome and will provide your kitchen with all the ventilation it needs. The three variable venting speeds give you a variety of coverage, while the top extraction rate of 500m³/hour means you can draw all the grease and grime out of your kitchen in no time.

Update

This built-in chimney cooker hood from Baumatic is 70cm wide, so it'll be perfect above a standard hob. It has three extraction speeds to remove a little steam or a lot of smoke. This model gives you the option to vent air externally if your kitchen layout allows or to recirculate internally as clean air. There is also a washable filter that removes grease from the air, to keep your kitchen fresh. Plus, the two halogen lights will illuminate your hob while you're cooking.

Word Count 84

Baumatic BTC675SS_SS 60 cm Chimney Cooker Hood - Stainless Steel

Original

Take your cooking to new heights. Designed with tall people in mind, the Baumatic chimney cooker hood is curved in on itself to prevent you from banging your head – how thoughtful. The 2 halogen lights on the front make this cooker hood look futuristic, or space-age if you're that way inclined. With an extraction rate of 750m³ per hour it can service a kitchen as large as 25m². May the force be with you.

Update

This Baumatic built-in chimney cooker hood is 60cm wide, so it's perfect over a standard hob. It has three extraction speeds to remove a little steam or a lot of smoke. The external extraction draws in air and pushes it outside. Or if you don't have access to an external wall, it recirculates filtered air, neutralising odours. A handy washable filter prevents grease returning into the air, and two halogen lights will illuminate your hob while you're cooking – giving you a better view of your culinary masterpiece.

Word Count 87

Bosch Classixx DWB097A50B_BS 90 cm Chimney Cooker Hood - Brushed Steel

Original

The Bosch DWB097A50B Cooker Hood comes in a contemporary brushed steel colour. The DWB097A50B has 3 variable venting speeds. The DWB097A50B push button controls are typically easy to use and to understand. It incorporates the choice to have recirculation or external venting. You will require a ducting kit if venting externally. The Cooker Hood runs at dB. The DWB097A50B has 3 lights. To offer peace of mind the Bosch DWB097A50B built in-integrated Cooker Hood also comes with 2 years warranty.

Update

This Bosch built-in chimney cooker hood is 90cm wide, so it's perfect over a large hob. It has three extraction speeds to choose from but it also has a very handy powerful boost function – so you can clear smoke and smells quickly. This model gives you the option to vent air externally if your kitchen layout allows or to recirculate internally as clean air. It has three washable filters to capture grease in the air and three bright LED lights that will illuminate your hob while you're cooking.

Word Count 88

Belling BEL70CHIM_BK 70 cm Chimney Cooker Hood - Black

Original

The Belling BEL70CHIM Cooker Hood comes in a sleek black colour. The BEL70CHIM has 3 variable venting speeds. The BEL70CHIM push push controls are typically easy to use and to understand. It incorporates the choice to have recirculation or external venting. You will require a ducting kit if venting externally. The Cooker Hood runs at dB. The BEL70CHIM has 2 lights. To offer peace of mind the Belling BEL70CHIM built in-integrated Cooker Hood also comes with a 1 year warranty.

Update

This Belling built-in chimney cooker hood is 70cm wide, so it's perfect for over a standard hob. Its three-speed extraction rate is ideal for everyday cooking to remove unwanted smells. This model gives you the option to vent air externally if your kitchen layout allows or to recirculate internally as clean air. There are even two removable grease filters that can be washed, and with two halogen lights, you'll have a clearer view of what you're cooking.

Word Count 77

Indesit IHP945CMIX_SS 90 cm Chimney Cooker Hood - Stainless Steel

Original

Easy extraction. The IHP945CMIX stainless steel cooker hood from Indesit is practical and easy to use. There's a choice of external or recirculation venting, making it suitable for any kitchen setup. And the extraction rate of 510m³/hr is suitable for most room sizes. There are three speeds to choose from depending on what you're cooking and two halogen lights make sure it's well lit. With modern styling and a simple push button function this chimney ventilation system will fit into your kitchen effortlessly. And, with a minimum noise level of 60dB, it'll do it fairly quietly.

Update

This 90cm built-in chimney cooker hood from Indesit looks fantastic in contemporary stainless steel and would be ideal over a large hob. There are three speeds to choose from depending on what you're cooking to help remove steam and odours from your kitchen. This model gives you the option to vent air externally if your kitchen layout allows or to recirculate internally as clean air. It's super effective at removing grease from the air too, as it has four washable filters to help keep your kitchen fresh.

Word Count 87

Baumatic PV372SS_SS 35 cm Integrated Cooker Hood - Stainless Steel

Original

Unique looking hood to impress. The Baumatic PV372SS Island cooker hood has a classy circular design finished in stainless steel. With three venting speeds and three LED lights, there's nothing you can't get out of the kitchen and nothing you can't see whilst cooking. It also gives you the option of extraction or recirculated venting, so it's an extremely flexible appliance to have.

Update

With a modern cylinder look, this Baumatic 35cm wide integrated cooker hood is designed to fit above your kitchen island. This model has three extraction speeds to remove a little steam or lots of smoke, and it gives you the option to vent air externally or to recirculate internally as clean air. There

are two washable filters, offering a better removal of grease to keep your kitchen fresh. Plus, the three bright LED lights will illuminate your hob, so you can keep a close eye on what you're cooking.

Word Count 89

AEG Competence DF6164-M SS 60 cm Integrated Cooker Hood - Stainless Steel

Original

Compact, slim line and powerful. This sleek cooker hood pulls out when you need it and tucks away when you don't saving you space without cutting back on your extraction power. You can also tailor the three different settings to match what you're cooking. The aluminium filters can also be washed and reused as many times as you want without having to be replaced.

Update

This AEG integrated cooker hood is compact, powerful and – at 60cm wide – perfect for over a standard hob. There are three extraction speeds to give you the option to vent air externally or to recirculate internally as clean air. The two grease filters can easily pop out to be cleaned, preventing grease returning into the air. This model turns on automatically when the second filter is pulled out and switches off when you push it back in. There are also two halogen lights to illuminate your hob while you're cooking.

Word Count 90

Siemens LB75564GB MT 75 cm Canopy Cooker Hood - Metallic

Original

Your kitchen companion. The Siemens LB75564GB is a canopy cooker hood that is as powerful as it is stylish. At 75cm wide it's big enough for the busiest hob, plus a 400m³/h extraction rate provides real venting power. To combat grease it includes 2 aluminium grease filters that are straightforward to clean when you find their getting a bit full. There are 3 power levels, controlled by a user friendly slider control and 2 high powered halogen lights, to really help you keep an eye on things.

Update

This Siemens built-in canopy cooker hood is 75cm wide, which would be perfect over a standard hob. There are three extraction speeds to remove a bit of steam or a lot of smoke, and gives you the option to vent air externally if your kitchen layout allows or to recirculate internally as clean air. This model has two removable grease filters, which can be washed to help keep your kitchen fresh and clean. Plus, there are two halogen lights that will illuminate your hob while you're cooking.

Word Count 87

Siemens LI23031GB MT 60 cm Canopy Cooker Hood - Metallic

Original

Secret agent Siemens. So intelligent and mysterious you might never know it was there. The Siemens LI13031GB gives no clue that it's quietly taking up 60cm of primary ventilation space behind your cupboards. It is a telescopic canopy and includes 2 removable metal grease filters. The rocker switch control commands 2 high powered halogen lamps and 3 ventilation settings that incorporate both direct ducting and recirculation.

Update

This Siemens built-in canopy cooker hood is 60cm wide, so it's perfect over a standard hob. Depending on what you're cooking, there are three extraction speeds to choose from. So you can be sure your kitchen will be smoke, steam and smell free in no time! This model gives you the option to vent air externally or to recirculate internally as clean air. It even has two washable filters, preventing grease returning to your kitchen. Plus, the two halogen lights will give you a clear view of what you're cooking.

Word Count 90

Word Count 89

Baumatic CAN75.3SS SS 75 cm Canopy Cooker Hood - Stainless Steel

Original

Powerful extraction kept out of sight. The Baumatic CAN75.3SS is excellent if you don't want to ruin the look of your fitted kitchen. It builds right in to your wall mounted units. It's extremely powerful too, extraction air a rate of 750m³/h – that's more than enough for even the largest kitchen. There are two lights built into the underside of the hob, giving you a clear view of your hob. Plus you're getting washable filters which you can pop in the dishwasher. You won't have to spend extra on replacement parts.

Update

If you're looking for powerful extraction, this Baumatic built-in canopy cooker hood would be perfect for you. It has three extraction speeds to remove a little steam or a lot of smoke – so whether you're steaming or frying, your kitchen will stay fresh. This model gives you the option to vent air externally if your kitchen layout allows or to recirculate internally as clean air. There are two washable filters to help remove grease from the air – plus, two halogen lights will illuminate your hob while you're cooking.

Word Count 88

Belling BEL70CHIM SS 70 cm Chimney Cooker Hood - Stainless Steel

Original

Adjustable for flexibility. The BEL70CHIM is adjustable so you can suit it to your ceiling height. This is really handy if you have a particularly low or high ceiling. It has 3 venting speeds to clean your kitchen's air no matter what you're cooking. There are 2 lights as well, giving you a clear view of your cooking. With a fairly powerful extraction rate, it's best suited to a medium sized kitchen.

Update

This 70cm wide built-in chimney cooker hood from Belling is perfect for a large hob. There are three extraction speeds, which give you the option to select the right level – so whether you're steaming or frying, your kitchen will stay fresh. The external extraction draws in air and pushes it outside. Or if you don't have access to an external wall, it recirculates filtered air, neutralising odours. The two washable filters capture grease, preventing any returning into the air. There are also two halogen lights to illuminate your cooking space.

Word Count 90

Hotpoint HSFX_SS 60 cm Canopy Cooker Hood - Stainless Steel

Original

Humble but hearty hoods. Exceptionally good value, the Hotpoint HSFX cooker hood integrates seamlessly into your kitchen unit. It has 2 built in lights to illuminate your delicious dinner and is capable of extraction and recirculation. The easy to clean filters are hardwearing aluminium and with a simple pull of the catch can be placed in the dishwasher in no time. Its subtle design has 3 distinct speeds to freshen up your kitchen. It is worth noting that this appliance is larger than most, so please check the measurements before you buy.

Update

This built-in canopy cooker hood from Hotpoint is 60cm wide, so it quickly clears the air over a standard hob. It has three extraction speeds to choose from, giving you the option to select the right level. This model gives you the option to vent air externally if your kitchen layout allows or to recirculate internally as clean air. The two washable filters capture grease, preventing any from returning into the air. There are also two halogen lights, giving you a better view of your culinary masterpiece.

Word Count 87
